Laura Quick : The Quick Guide to Parenting before purchasing it in order to gage whether or not it would be worth my time, and all praised The Quick Guide to Parenting:

Since 2012, fashion illustrator Laura Quick has been sketching scenes from daily domestic life on her blog, The Daily Think. Insightful, tender and very, very funny, the images have become hugely popular, and the very best of them are collected together in this exquisite and hilarious gift book. All the bizarre moments and ridiculous conversations that are part of being a parent are here, from the day Laura's daughter tried to poke her finger into a dog's rear end to the enormous sense of relief when the school holidays are over. The illustrations chronicle all manner of parenting fails

and mishaps, plus a fair few sweet and poignant moments, and it will raise a giggle of recognition from beleaguered parents everywhere. It's the perfect gift for a world-weary parent who's seen it all before, or a new one to let them know what they're in for!
