Buy This Book!By Catherine MacNealMorgenstern's THE REAL RULES FOR GIRLS is a must-read! I wish I had a copy when I was that age. Now that my friends' daughters are hitting their

fabulous teen years (complete with mood swings, raging hormones and KNOW IT ALL 'tude), they need this book, and we need to read it again to remind ourselves that we were there. (And the advice still applies, boomers!) Layout, text, photos, illustrations - all pure wit, clever and true. Thanks, Mindy.

Here it is, girls! Everything you need to know in order to live a fabulous life. (Okay maybe not everything, but a heck of a lot of it.) When should you dump him? When is it cool to use a credit card? When is it okay to kiss up to your boss? You'll get the lowdown on all that and more in this hip survival guide for girls who know that the only rule really worth following is this: Be true to yourself. Written with fierce wit and complete honesty, *The Real Rules for Girls* is not our mother's rule book. Packed with wisdom -- and quotes from everyone from Maya Angelou to Liz Phair -- it'll help you navigate life's highs and lows with style and substance.

.com "Your first boyfriend should be like the first pancake. Just a tester to see if the griddle is hot enough." If this sounds like good advice, throw out that book of horoscopes and get some real advice from Girl Press. This publisher has already put out some pretty swell titles, from *Cool Women: The Thinking Girl's Guide to the Hippest Women in History* to *Zine Scene*, a book about how to produce your own zine, coauthored by that very cool woman, Francesca Lia Block. Now those Girls are at it again, with their own irreverent advice for young women on work, life, love, and impossible parents. It's a tough world out there, and this book's short, sassy chapters are the cheat sheets. With lessons such as "The football captains of today are the burger jockeys of tomorrow," "Everyone's family is as freaky as yours," and "You be the judge, Judy," readers will be prepared for any test life--or that obnoxious little brother--throws at them. This is a fun, inspiring read for high-school-age girls, complete with lots of quotes from famous women, and retro photos from the 1950s and '60s. --Maria Dolan

Grade 8 Up-Girls will find this honest title helpful and entertaining. It's filled with practical tips and sound advice. The six chapters--"Romance," "Work," "Social Life," "Family," "Money," and "Life Tips"--each contain a snappy one-liner. For example, in the romance section, this gem appears: "The football captains of today are the burger jockeys of tomorrow." Told in an up-to-date, breezy, first-person voice, the book offers the author's personal anecdotes and life lessons hard won. The information is presented in a nonjudgmental, down-to-earth tone. Clever patter and good advice aside, the real highlights are the wonderfully kitsch black-and-white photographs that recollect the '50s and '60s. The creative layout draws readers' eyes to all sides and corners of the pages. The design is reminiscent of Barbara Kruger's provocative work--thought-provoking statements superimposed on mundane photographs. A delight from start to finish.
