The Insiders Guide - a must have for self-proclaimed fans!By Melissa (pmdh23b@prodigy.com)The Ultimate Insiders Guide is a definite must for Real World fans because of the content. The Boston section is really in depth including many sections about different things that occurred throughout the season. The sections for seasons 1-5 are great too, including a little more info about the cast than was offered in The Real World Diaries. Each person has their lines that could be quoted for generations to come. For instance, Jason from RW VI says, "The journey teaches you to be a really good friend to yourself, because sometimes that's all you've got." My personal fave section was the analysis of how the outside couples survived and the "Did...sleep with...?" section for each season. If you really claim to be a RW fan than ou must get this book. You'll be glad you did.1 of 1 people found the following review helpful. Essential to RW fanBy N. DamianoThis is my favorite out of The Real World series of books. For starters I love the cover all the faces of each castmember through out the years in a collage. It goes into detailed info on Boston season which is my favorite cast. But the whole book goes further into detail on how the experience was for each castmember from NY to Boston. Tells how each one is dealing with life after their seasons long over with. Funny sections of little captioned squares asking them name 6 other people they would love to live with in The Real World. Also includes a funny little section on each castmembers take on certain words if they consider Real World a soap opera or documentary. Vibrant colored pictures of the casts. Essential book to have for a RW fan.3 of 3 people found the following review helpful. MUST BUY THIS BOOK!By A CustomerWhy are all the good authors named James? I don't just mean Agee and Jones, I mean Solomon, and he's got more wisdom than that old Iraeli king...this book ROCKS! I couldn't believe how much new stuff I picked up, particularly about the behind the scenes stuff you DON'T see on television...my only gripe was the book seemed too short and could've gone on forever. Maybe it was the breezy yet informative style and intelligent wit of KING SOLOMON, for that's how good he really is. LONG LIVE THE KING! Good writing has never been so royal...ROCK ON!

In the New York Times bestselling tradition of MTV's The Real Real World and MTV's The Real World Diaries comes more behind-the-scenes information from the hit series, The Real World. Featuring gossip, games, facts, and trivia, the book also provides an application for the next season of the show. MTV on-air promo.

The book does perfectly mimic MTV's stop-and-chop editing. In fact, as one leafs mindlessly through the pages, one expects to happen upon ... a commercial. -- Entertainment Weekly
