E. J. Sullivan : The Redneck Night Before Christmas before purchasing it in order to gage whether or not it would be worth my time, and all praised The Redneck Night Before Christmas:

0 of 1 people found the following review helpful. Five StarsBy carleygreat children's story!1 of 1 people found the following review helpful. No Rhymne or Reason.By A. StarkeyIf this book was supposed to mirror "The night before Christmas," the author missed the mark completely. The story line itself could be funny; however, the story as written does not follow the flow of "The Night Before Christmas" AT ALL, and is far to wordy.The idea is fun, and the pictures are cute, but the story is poorly done, and definately not for children.1 of 1 people found the following review helpful. Kindergarten child brought this home from school library.By KristiThis book definately does not belong at an elementary school library. With references to Beer and K-Y Jelly and Santa "being like a real man and farting and burping", I found it very shocking that my daughter brought it home from school. Fine for adults if you like this sort of thing, but keep it away from school age children.

The traditional tale like youve never heard it before. Includes audio CD featuring Travis Tritt reading from the book.
