Michael O'Mara Books : The Royal Horticultural Society Colouring Diary before purchasing it in order to gage whether or not it would be worth my time, and all praised The Royal Horticultural Society Colouring Diary:

2 of 2 people found the following review helpful. Exceptional!!By Mom-2This is a high quality product. I received it today and I'm amazed that it did not cost more. The paper is thick and the illustrations are exquisite! I also like that the year is omitted, only the days of the month are provided.2 of 2 people found the following review helpful. A simply gorgeous diary fill with botanicalsBy Coloring Book AddictThis is an absolutely beautiful date book /diary. It contains tons of beautiful botanical illustrations both full page and smaller decorations on the date pages. Some of the pages have gorgeous colored illustrations mixed in to the coloring areas, each page and image is unique and you get excited to see what's on the next page. The paper is nice and thick I tried gel pens and Pitt pens with no bleed thru but test in a

corner to make sure it's the same for you. This book launches October 1 and I encourage you to check it out. There is a flipthru video in our social media account and some photos of the inside. We received an advanced copy of coloring book diary from the publisher to check out.

A beautiful perpetual diary that combines full-color artwork from the Royal Horticultural Society's world-renowned Lindley Library with original black-and-white artwork for the diarist to color. An item to treasure in itself, this special diary is made unique by adding color to the artworks—adding a truly personal and original touch.

About the Author Michael O'Mara Books has established a reputation for high-profile autobiographies and biographies, innovative humor and nonfiction, and highly commercial children's books.
