**Cari Rosen : The Secret Diary of a New Mum Aged 43 1/4** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Secret Diary of a New Mum Aged 43 1/4:

0 of 0 people found the following review helpful. Hilarious Book! By Alyson D Peterson Cari's voice blares out from the page in a way that is both engaging and humorous. She brings such a beautiful approach to motherhood and being

a mum. We all struggle together and it is wonderful to laugh about it. Her book is as precious as her daughter! 0 of 0 people found the following review helpful. Totally enjoyable By Blossom Rayner Really enjoyed this so much. It was very funny and resonant (I am an older mum myself). It was also very touching about the joys and complexities of having a child. 1 of 1 people found the following review helpful. Bridget Jones meets Nick Hornby. Real life story told with wit and honesty. By LISA GOODKIND This was one of those books that I read from start to finish within a few days. The author writes with wit in a very intelligent way. I loved the nostalgic parts of this book coupled with amusing observations about parenting now and when the author was a child. I was also greatly inspired by Miss Rosens joy at being a parent. I cant wait to read the sequel.

Whatever your age, becoming a mum for the first time brings with it excitement, anxiety and numerous challenges. But how do you cope when, to top it all, you discover you are old enough to be the mother of everyone else in your NCT group? The story of one woman, one new baby, a slipped disc and rather too many wrinkles, *The Secret Diary of a New Mum (Aged 43 1/4)* follows the tale of a midlife mum as she tries to make the transition from experienced TV producer to utterly inexperienced parent. One in five babies is born to a mum over 35, and the number of over 40s giving birth has doubled. The first humorous narrative account of what it's really like to be a midlife mum—whether it's deftly side-stepping any questions about age and baby number two or weeping as younger counterparts ping back into their size ten jeans within thirty seconds of giving birth—this is the thoroughly entertaining, insightful and often hilarious account of what happens as you face up to menopause and new motherhood at the same time.

"Brilliantly observed. Funny, embarrassing and yet cruelly honest. Warm, witty and very, very wise—the perfect antidote to all those po-faced pregnancy books. As a fellow Geriatric Mother I found myself constantly laughing and nodding along in agreement." —Imogen Edwards-Jones, author, *Babylon* series
