Duncan MacPherson : The Secret History of Golf in Scotland before purchasing it in order to gage whether or not it would be worth my time, and all praised The Secret History of Golf in Scotland:

0 of 0 people found the following review helpful. Laugh out loudBy Kindle CustomerWell, it's hard to know what to say so I will give it one of my best compliments, " I hated to see it end". It's perverted, irreverent, and laugh out loud funny. I am not at all sure how close it might be to the history of golf in Scotland, but it was a lot of laughs.1 of 1 people found the following review helpful. Interesting and entertaining take on golf and Scottish history.By

CustomerInteresting and entertaining take on golf and Scottish history. The author writes of games and the wages that add to the game's drama without a blow by blow description of each shot which was greatly appreciated. Multiple side plots add to story's fun. I'd definitely read other stories by this author.0 of 0 people found the following review helpful.
Five StarsBy DrGillLots of surprises; lots of laughs

This story about golf takes place in 16th Century Scotland and is inspired by the earliest historical records about "the greatest game". In it Ian MacPherson, a dirt poor farmer and so-so golfer, decides he must win his town's annual golfing tournament or face financial ruin. Galbraith, the Scottish Laird who rules the area, has financial problems of his own and also has designs on the tournament. He hires a golfing "ringer" from Edinburgh, Black Bart, to try and steal the tournament from the locals. Along with fascinating descriptions about early golf, there is plenty of earthy humor, cruel deception and local Scottish color. The author is a descendant of the MacPherson clan and swears at least some of what happens is fact, passed down to him from family stories

About the AuthorDuncan MacPherson (Calgary, AB) and David Miller (Vancouver, BC) are co-founders of Pareto Systems, a team of professionals who help entrepreneurs and professionals improve their practice management and business development systems. Pareto Systems' clients include Fidelity Investments, Merrill Lynch, Franklin Templeton Investments, American Express, and TD Waterhouse. Both travel frequently across North America delivering seminars and keynote speeches and also are co-creators of the Pareto Platform, an on-demand web-based business development dashboard.
