Stuart Royce : The Secret Mandala - Midnight Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Secret Mandala - Midnight Edition:

2 of 2 people found the following review helpful. If you like black background coloring books this will not disappoint. By Austin If you like black background coloring books this will not disappoint. Single sided original mandala designs with plenty of detail to blend and make wonderful designs. There is a regular non-black background version of this book as well

The Secret Mandala - Midnight Edition This is an advanced colouring book with some extremely intricate white on black images, an inverted version of the standard book. The benefit of the black background? you don't have to worry too much about keeping in the lines! But please be warned: If extreme detail is not your thing, just don't buy this, or at least look at the flip through on my author page (scroll to bottom of description for link) and samples on pinterest first.

If you're not going to enjoy it, then it's pointless to buy it in the first place, colour what you enjoy. Black background, white lines. 130 Single sided pages. 8.5" x 11" dimension. Glossy cover. Flick-book Samples:
<https://www.pinterest.com/stuartroyce/the-secret-mandala-midnight-edition/> See my author page and Stu Royce on YouTube for full flip-through videos Cover was Coloured by talented competition winner Austin Magruder, and he along with Cheryl Colors and Diniah have also contributed a piece for the book's interior, please be sure to tag them when sharing their pieces, details inside. Thanks for the contributions and all the support.
