Sue Wilkey : The Slacker Mom Handbook: A Guide for women who can do it all...but just don't feel like it right now. before purchasing it in order to gage whether or not it would be worth my time, and all praised The Slacker Mom Handbook: A Guide for women who can do it all...but just don't feel like it right now.:

2 of 2 people found the following review helpful. Too Funny To Put Down!By dgatWhy would anyone want to read a parenting handbook that advocates slacking off and truancy? Because it's hilarious from start to finish. What Type A parents consider dysfunctional - this book celebrates. From drugs during childbirth to Pop Tarts for dinner and a "just say no" policy for play dates, Slacker Moms will be able to embrace their choices, revel in the fact that they are not alone, and take comfort that their kids are going to turn out just fine. Meanwhile, Type A Moms will likely cringe, hyperventilate and bask in their feelings of superiority. Regardless of parenting style, every reader will have a good laugh, delight in the author's "sage wisdom", and wish for it to never end.0 of 0 people found the following review helpful. A smart, funny, quick readBy S. ThorntonTired of parents taking themselves way too seriously, and as a longtime fan of the author's blog, I was thrilled to stumble onto more of her down-to-earth, spot-on observations in this book. By Chapt. 6 (Housework and other Dumb S***) I was laughing out loud (along with my 14-yo son) and already looking for a sequel. Cons? I wish it were longer.1 of 1 people found the following review helpful. You know it's funny when your husband is reading it out loud and ...By CustomerAbsolutely hysterical. The writing and humor is spot on. Whether you answer "A", "B" or "C" to the multiple choice questions, you will be able to relate to the humor in this book. You know it's funny when your husband is reading it out loud and starts laughing so hard, he can't finish. Not to mention, that he's been quoting the book all afternoon.

Move aside, "alpha moms", "tiger moms" and "helicopter parents"...The Slacker Moms' time has come! And we're gonna....well, not do much probably, 'cuz we're really tired and feeling kinda bloated. Are your permission slips always late? Does your minivan get turned away by the detailing place? Does your name not even ring a bell to the PTO? Welcome, Sister! This handbook is for you. From breastfeeding to book clubs, it's everything you need to know about parenting, slacker-style.

About the AuthorSue Wilkey is the author of the popular blog "Happy Meals Happy Hour", and platinum-level Slacker Mom. She lives in Pennsylvania with her two daughters, who have yet to experience homemade cookies from scratch.
