You are so full of insight into the inner workings of the cat's mind. So many things you said reminded me of our cat Kiki. I did like the things you said about the end of life for a cat, but they also made me weep. We love our cats so much, and no matter how much we think it is the right time, we

will be lost for a while. Your life has been such a joy to so many cat lovers, and when your time comes, we will miss you so much. Thanks, Max, for being such a special cat. 1 of 1 people found the following review helpful. Worth every penny and then some Can't have Max without his signature snark By CaryLHMax, the Psychokitty at his snarky best. 0 of 0 people found the following review helpful. Pure Magic! By QRWolf What can I say? It's Max. The dood could write greeting cards and they would be amazing! Everything he writes is pure MAGIC. I love his style of writing, so honest, so pure and so sarcastic. He has given me such an insight into my own cats that my relationship with all four of them has improved greatly. His sense of humor is priceless.

Max Thompson is a feline life coach, dispensing advice on his Ask Max Monday column every week at Mousebreath Magazine. A notable author, this is his debut in poetry--poems written for cats and the people over whom they rule.
