Jacob Lentz, Paul Koehorst : There's No I in Office: 4293 Meaningless Phrases to Keep Your Coworkers Smiling While Avoiding Actual Conversation before purchasing it in order to gage whether or not it would be worth my time, and all praised There's No I in Office: 4293 Meaningless Phrases to Keep Your Coworkers Smiling While Avoiding Actual Conversation:

0 of 0 people found the following review helpful. It's like they started with a phrase book for non-English speakers ...By CustomerThis book was genuinely confusing. It's like they started with a phrase book for non-English speakers and added a dozen attempts at a humor.The "funny" parts in this book aren't funny, they wouldn't make the cut as filler in any other humor book. Aside from the dozen attempts at humor, the rest of this book is just regular phrases, like

"What to say to a coworker on Friday: 'Have a great weekend!' ". This book is worthless, I threw it away. Nothing in this book is funnier than the phrase "Working hard or hardly working?". Which is 1000 years old and stopped being funny 999 years ago. That phrase may be in the book somewhere, and it would be the high point. 1 of 1 people found the following review helpful. AWESOMELY HILARIOUS. By Truth TellerGreat book - I bought it because of the funny title - I love it because it's hilarious. Lentz and Koehorst have devised perhaps the funniest collection of sayings of the 21st century - I laughed out loud many times and it's also a good primer for going back to the office and just realizing some of the banality of it. And how you can make it fun for yourself. Highest regards for this hilarious, witty book. 0 of 0 people found the following review helpful. Pass-Pass-PassBy BroomistNot nearly as amusing as I'd hoped, and VERY repetitive internally!

This is the Michael Jordan of books. Adam Carolla Completely and totally unwittingly, Paul Koehorst and Jacob Lentz have written perhaps the most important new business book since "Who Moved My Cheese?" Jim Cramer, "Mad Money with Jim Cramer" Like em, hate em or simply too busy to deal with em, you're going to end up face to face with em in the elevator, at the water cooler and around every cubicle: "friendly, talkative coworkers." Ignore them and they'll think you're conceited and make your job miserable. Talk to them and you'll waste valuable time or even worse end up in a burdensome friendship. The ultimate business book parody, "There's No I in Office" provides a solution to this conundrum of office politics so brilliant that it's just stupid enough to actually work. Packed with meaningless things to say in any work situation, these 4293 clever little phrases will amuse your coworkers without starting a real conversation. It's your ticket to becoming a beloved stranger to everyone in the office."

"Completely and totally unwittingly, Paul Koehorst and Jacob Lentz have written perhaps the most important new business management book since 'Who Moved My Cheese?' or 'The Six Minute Manager'." -- Jim Cramer, host of CNBC's Mad Money
