These 100 lively and humorous limericks take us back to before the beginning of time itself and right up until yesterday evening when you were probably making your dinner. Covering everyone's favorite history lessons (and a few surprising ones, too!), Mick Twister has cleverly raided the tomes of the past; picked at the bones of the world's greatest figures, moments, and events; and condensed the most complex of human activities into five funny ribtickling lines for your amusement.
